Highlight Tour:

Schönbrunn Palace from its most magnificent side: experience the glittering world of Empress Maria Theresa in the 22 state rooms on the piano nobile in all their impressive authenticity – from the Lantern Room to the Hunting Room. This tour is being offered exclusively to our B2B partners with an accredited Vienna Tour Guide (www.guides-in-wien.at).

Grand Tour:

Forty rooms and forty fascinating stories spanning three centuries. In addition to the rooms covered on the Imperial Tour visitors also see the magnificent Hall of Ceremonies, the imposing Gobelin Salon with its exquisite Brussels tapestries, and the room known in Maria Theresa's time as the Feketin Room, later renamed the Millions Room on account of its precious panelling of rare rosewood.

Imperial Tour:

Visit the apartments of Emperor Franz Joseph and his wife Elisabeth and tour the Rococo state rooms of the palace. On this tour of 22 rooms you can experience the luxurious splendour of the Great Gallery, the oriental charm of the Chinese Cabinets as well as the astonishingly modest style of decoration in Emperor Franz Joseph's private suite. The Yellow Salon contains a precious secretaire – the only object at Schönbrunn that once belonged to Queen Marie Antoinette of France, who was guillotined in 1793.
